MANAGER'S REPORT

Dear Unitholders,

We are pleased to present you the Manager's report and the audited accounts of AmDynamic Allocator ("Fund") for the financial year ended 31 August 2025.

Salient Information of the Fund

Name	AmDynamic Allocator ("Fund")
Category/ Type	Fund-of-Funds (Mixed assets) / Growth and Income
Objective	The Fund aims to achieve capital growth over the medium to long-term and at the same time provide income* by investing primarily in CIS. <i>Notes:</i> <i>Any material change to the investment objective of the Fund would require Unit Holders' approval.</i> <i>*The income could be in the form of units or cash.</i>
Duration	The Fund was established on 23 April 2012 and shall exist for as long as it appears to the Manager and the Trustee that it is in the interests of the unitholders for it to continue. In some circumstances, the unitholders can resolve at a meeting to terminate the Fund.
Performance Benchmark	AmBank (M) Berhad 12-months fixed deposit rate + 3.00% per annum (Available at www.aminvest.com) The performance benchmark is decided based on our back-testing, which calculates how the investment strategies of the Fund would have performed (as if it had actually been applied in the past) by applying the historical performance of the CIS.* The risk profile of the Fund is higher than the risk profile of the performance benchmark. The performance benchmark is only a measurement of the Fund's performance and there is no guarantee it will be achieved. The Fund may not achieve the benchmark in any particular year but it is expected to outperform the performance benchmark over the medium to long-term. <i>Note: *Past performance is no indication of future performance of the Fund.</i>
Income Distribution Policy	Subject to availability of income, distribution is paid once a year. At the Manager's discretion, the Fund may distribute from its gain, income and capital. The rationale for distribution out of capital is to allow the Fund the ability to (i) distribute income on a regular basis in accordance with the distribution policy of the Fund or (ii) increase the amount of distributable income to the unit holders, after taking into consideration the risk of distributing out of capital. Distribution out of the Fund's capital has the effect of lowering the NAV of the Fund, may reduce part of the unit holders' original investment and may also result in reduced future returns to unit holders. When a substantial amount of the original investment is being returned to the unit holders, it has a risk of eroding the capital

of the Fund and may, over time, cause the NAV of the Fund to fall. The greater the risk of capital erosion that exists, the greater the likelihood that, due to capital erosion, the value of future returns would also be diminished.

Fund Performance Data

Portfolio Composition	Details of portfolio composition of the Fund as at 31 August are as follows:			
		As at 31 August		
		2025 %	2024 %	2023 %
	Foreign exchange traded funds	74.26	79.73	73.35

	Note:			
	(1) Total return is the actual return of the Fund for the respective financial years computed based on the net asset value per unit and net of all fees. Total return is calculated based on the published NAV/unit (last business day).			
	(2) Total expense ratio ("TER") is calculated based on the total fees and expenses incurred by the Fund divided by the average fund size calculated on a daily basis. The TER increased by 0.04% as compared to 1.68% per annum for the financial year ended 31 August 2024 mainly due to decrease in average fund size.			
	(3) Portfolio turnover ratio ("PTR") is calculated based on the average of the total acquisitions and total disposals of investment securities of the Fund divided by the average fund size calculated on a daily basis. The decrease in the PTR for 2025 and increase in 2024 were due mainly to investing activities.

The Fund performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

Fund Performance

For the financial year under review, the Fund registered a return of 4.85% comprising of negative 0.17% capital and 5.02% income distribution.

Thus, the Fund's return of 4.85% has underperformed the benchmark's return of 5.45% by 0.60%.

As compared with the financial year ended 31 August 2024, the net asset value ("NAV") per unit of the Fund decreased by 0.57% from RM0.2277 to RM0.2264, while units in circulation decreased by 24.06% from 56,357,743 units to 42,798,411 units.

The following line chart shows comparison between the annual performances of AmDynamic Allocator and its benchmark for the financial years ended 31 August.

Cross Trades	There were no cross trades undertaken during the financial year under review.			
Distribution/ Unit splits	During the financial year under review, the Fund declared income distribution, detailed as follows:			
	Date of distribution	Distribution per unit RM (sen)	NAV per unit Cum-Distribution (RM)	NAV per unit Ex-Distribution (RM)
	25-Oct-24	1.1428	0.2302	0.2188
	There is no unit split declared for the financial year under review.			
State of Affairs	There has been neither significant changes to the state of affairs of the Fund nor any circumstances that materially affect any interests of the unitholders during the financial year under review.			
Rebates and Soft Commission	During the year, the management company received soft commissions by virtue of transactions conducted for the Fund, in the form of research services, systems and services relating to performance measurement of portfolios and subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund. The company has soft commission arrangement with a total of 12 brokers, who execute trades for the Fund and other funds or investments managed by the company. The soft commission received would be in the form of research services, systems and services relating to performance measurement of portfolios and/or subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund and other funds or investments managed by the company. Soft commissions received were for the benefit of the Fund and there was no churning of trades.			
Market Review	The global equity markets started the financial year with a positive tone, with the MSCI World Index gaining 1.7% in September, helped by strong United States (US) and China markets performance. The markets, however, retraced in October on elevated Treasury yield. The volatility continued in November and December. The MSCI World Index jumped 4.5% in November following Donald Trump’s victory, his potential plans for tax cuts and deregulation, but declined subsequently in December with investors taking profits towards the year-end. In January, the MSCI World Index gained 3.5% on surging consumer spending in the US and the Fed’s decision to hold interest rate steady. The Index, however, reversed in February and March on rising US inflation data and concern on the impending tariffs imposed by the US. The market stabilized in April, and rebounded in May and June, boosted by a calmer geopolitical scenario following a cease-fire between Israel and Iran, hopes that the US will reach trade agreements that result in lower tariffs, and optimism that the Fed could cut interest rates in the coming months. The rally extended to July and August, driven by strong earnings reports and optimism around Artificial Intelligence (AI) leaders like Nvidia. As a result, the MSCI World Index closed at 4,177.72 points, registering a gain of +14.1% (+11.7% in Ringgit terms) over the financial year under review.			

Market Outlook	We remain vigilant on the global equity markets as the impact of tariffs on the US economy and inflation starts to unfold. As a proactive “risk management” step, the Fed has initiated a long-awaited 25 bps rate cut in September, lowering the Federal Funds Rate (FFR) to 4.00–4.25%. Risk appetite improves following the conclusion of US’ trade agreement with different countries, and thus the rerating of global equity markets. We will adopt a balanced approach between value and growth as well as focus on geographies and sectors which are expected to experience growth/resilience.

Independent auditors' report to the unit holders of AmDynamic Allocator

Report on the audit of the financial statements

Opinion

We have audited the financial statements of AmDynamic Allocator (the "Fund"), which comprise the statement of financial position as at 31 August 2025, and statement of comprehensive income, statement of changes in equity and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 14 to 42.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 August 2025, and of its financial performance and cash flows for the financial year then ended in accordance with MFRS Accounting Standards and IFRS Accounting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund (the "Manager") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

**Independent auditors' report to the unit holders of
AmDynamic Allocator (cont'd.)**

Information other than the financial statements and auditors' report thereon (cont'd.)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of the Manager and the Trustee for the financial statements

The Manager is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with MFRS Accounting Standards and IFRS Accounting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Independent auditors' report to the unit holders of
AmDynamic Allocator (cont'd.)**

Auditors' responsibilities for the audit of the financial statements (cont'd.)

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Independent auditors' report to the unit holders of
AmDynamic Allocator (cont'd.)**

Other matters

This report is made solely to the unit holders of the Fund, as a body, in accordance with the Guidelines on Unit Trust Funds issued by the Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

1. GENERAL INFORMATION

AmDynamic Allocator (the “Fund”) was established pursuant to a Deed dated 8 September 2011 as amended by Deeds supplemental thereto (the “Deeds”), between AmFunds Management Berhad as the Manager, Deutsche Trustees Malaysia Berhad as the Trustee and all unit holders.

The Fund aims to achieve capital growth over the medium to long term and at the same time provide income by investing primarily in collective investment schemes (“CIS”). As provided in the Deeds, the financial year shall end on 31 August and the units in the Fund were first offered for sale on 23 April 2012.

The financial statements were authorised for issue by the Manager on 23 October 2025.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund have been prepared on a historical cost basis, except as otherwise stated in the accounting policies and comply with MFRS Accounting Standards as issued by the Malaysian Accounting Standards Board (“MASB”) and IFRS Accounting Standards.

Standards effective during the financial year

The adoption of the following MFRS Accounting Standards and amendments to MFRS Accounting Standards which became effective during the financial year did not have any material financial impact to the financial statements.

Description	Effective for financial periods beginning on or after
Amendments to MFRS 16 <i>Leases : Lease Liability in a Sale and Leaseback*</i>	1 January 2024
Amendments to MFRS 101 <i>Presentation of Financial Statements: Non-Current Liabilities with Covenants</i>	1 January 2024
Amendments to MFRS 107 <i>Statement of Cash Flows</i> and MFRS 7 <i>Financial Instruments: Disclosures: Supplier Finance Arrangements</i>	1 January 2024

Standards issued but not yet effective

The new and amended standards that have been issued but not yet effective up to the date of issuance of the Fund’s financial statements are disclosed below. The Fund intends to adopt these new pronouncements, if applicable, when they become effective.

3. MATERIAL ACCOUNTING POLICY INFORMATION

3.1 Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

(i) Distribution income

Distribution income is recognised when the Fund's right to receive the payment is established.

(ii) Interest income

Interest income on short-term deposits are recognised on an accrual basis using the effective interest method.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.1 Income recognition (cont'd.)

(iii) Gain or loss on disposal of investments

On disposal of investments, the net realised gain or loss on disposal is measured as the difference between the net disposal proceeds and the carrying amount of the investments. The net realised gain or loss is recognised in profit or loss.

3.2 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

3.3 Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates that most faithfully represents the economic effects of the underlying transactions. The functional currency of the Fund is Ringgit Malaysia ("RM") which reflects the currency in which the Fund competes for funds, issues and redeems units. The Fund has also adopted RM as its presentation currency.

3.4 Foreign currency transactions

Transactions in currencies other than the Fund's functional currency (foreign currencies) are recorded in the functional currency using exchange rates prevailing at the transaction dates. At each reporting date, foreign currency monetary items are translated into RM at exchange rates ruling at the reporting date. All exchange gains or losses are recognised in profit or loss.

3.5 Statement of cash flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible to cash with insignificant risk of changes in value.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.6 Distribution

Distribution is at the discretion of the Manager. A distribution to the Fund's unit holders is accounted for as a deduction from the retained earnings and realised income. Realised income is the income earned from distribution income, interest income and net gain on disposal of investments after deducting expenses and taxation. A proposed distribution is recognised as a liability in the period in which it is approved. Distribution is either reinvested or paid in cash to the unit holders on the distribution payment date. Reinvestment of units is based on the NAV per unit on the distribution payment date, which is also the time of creation.

3.7 Unit holders' capital

The unit holders' capital of the Fund meets the definition of puttable instruments and is classified as equity instruments as it meets all criteria for such classification under MFRS 132 *Financial Instruments: Presentation* ("MFRS 132").

3.8 Financial instruments - initial recognition and measurement

(i) Initial recognition

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised using trade date accounting or settlement date accounting. The method used is applied consistently for all purchases and sales of financial assets that belong to the same category of financial assets.

(ii) Initial measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial assets. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not recorded at FVTPL, net of directly attributable transaction costs.

(iii) "Day 1" profit or loss

At initial measurement, if the transaction price differs from the fair value, the Fund immediately recognises the difference between the transaction price and fair value (a "Day 1" profit or loss) in profit or loss provided that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. Level 1 input) or based on a valuation technique that uses only data from observable markets. In all other cases, the difference between the transaction price and model value is recognised in profit or loss on a systematic and rational basis that reflects the nature of the instrument over its tenure.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.9 Financial assets

Classification and measurement

The classification of financial assets depends on the Fund's business model of managing the financial assets in order to generate cash flows ("business model test") and the contractual cash flow characteristics of the financial instruments ("SPPI test"). The business model test determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both and the assessment is performed on a portfolio basis. The SPPI test determines whether the contractual cash flows are solely for payments of principal and interest and the assessment is performed on a financial instrument basis.

The Fund may classify its financial assets under the following categories:

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets include in this category are deposits with licensed financial institutions, cash at banks, amount due from Manager, amount due from Target Fund Manager, amount due from brokers/financial institutions, dividend/distribution receivables and other receivables.

Financial assets at FVOCI

A financial asset is measured at fair value through other comprehensive income ("FVOCI") if its business model is both to hold the asset to collect contractual cash flows and to sell the financial assets. In addition, the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the outstanding principal.

These investments are initially recorded at fair value and transaction costs are expensed in the profit or loss. Subsequent to initial recognition, these investments are remeasured at fair value. All fair value adjustments are initially recognised through OCI. Debt instruments at FVOCI are subject to impairment assessment.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.9 Financial assets (cont'd.)

Classification and measurement (cont'd.)

The Fund may classify its financial assets under the following categories: (cont'd.)

Financial assets at FVTPL

Any financial assets that are not measured at amortised cost or FVOCI are measured at FVTPL. Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in "Net gain or loss on financial assets at FVTPL". Distribution revenue and interest earned elements of such instruments are recorded separately in "Distribution income" and "Interest income" respectively. Exchange differences on financial assets at FVTPL are not recognised separately in profit or loss but are included in net gain or net loss on changes in fair value of financial assets at FVTPL.

Instruments that qualify for amortised cost or FVOCI may be irrevocably designated as FVTPL, if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Equity instruments are normally measured at FVTPL, nevertheless, the Fund is allowed to irrevocably designate equity instruments that are not held for trading as FVOCI, with no subsequent reclassification of gains or losses to profit or loss.

The Fund subsequently measures its investments at FVTPL. Distributions earned whilst holding the investments are recognised in profit or loss when the right to receive the payment has been established. Gains and losses on the investments, realised and unrealised, are included in profit or loss.

3.10 Financial liabilities - classification and subsequent measurement

Financial liabilities issued by the Fund are classified as financial liabilities at amortised cost, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holders. After initial measurement, financial liabilities are subsequently measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.11 Derecognition of financial instruments

(i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass-through” arrangement; and either:
 - the Fund has transferred substantially all the risks and rewards of the asset, or
 - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

For investments classified as FVOCI - debt instruments, the cumulative fair value change recognised in OCI is recycled to profit or loss.

(ii) Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Gains and losses are recognised in profit or loss when the liabilities are recognised, and through the amortisation process.

3.12 Financial instruments – expected credit losses (“ECL”)

The Fund assesses the ECL associated with its financial assets at amortised cost using simplified approach. Therefore, the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The ECL in respect of financial assets at amortised cost, if any, is recognised in profit or loss.

Financial assets together with the associated allowance are written off when it has exhausted all practical recovery efforts and there is no realistic prospect of future recovery. The Fund may also write-off financial assets that are still subject to enforcement activity when there is no reasonable expectation of full recovery. If a write-off is later recovered, the recovery is credited to profit or loss.

3.13 Determination of fair value

For investments in Collective Investment Schemes (“CIS”), fair value is determined based on the closing NAV per unit of the CIS. Purchased cost is the quoted price that the Fund paid when buying its investments. The difference between the purchased cost and fair value is treated as unrealised gain or loss and is recognised in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

3.14 Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified at FVTPL are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount.

3.15 Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

The Fund classifies its investments as financial assets at FVTPL as the Fund may sell its investments in the short-term for profit-taking or to meet unit holders' cancellation of units.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

12. TAXATION (CONT'D.)

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempted from tax. Foreign-sourced income ("FSI") received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on the applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Based on the Income Tax (Unit Trust in relation to income received in Malaysia from outside Malaysia) (Exemption) Order 2024, a qualifying unit trust is exempted from the payment of income tax in respect of the gross income from all sources of income under section 4 of the Act which is received in Malaysia from outside Malaysia between 1 January 2024 to 31 December 2026.

The taxation charged for the financial year is related to withholding tax derived from countries including Hong Kong, Japan, Taiwan and United States calculated at the rates prevailing in these countries.

A reconciliation of income tax expense applicable to net income before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

	2025 RM	2024 RM
Net income before taxation	<u>581,944</u>	<u>549,990</u>

13. DISTRIBUTION

Details of distribution to unit holders for the current financial year are as follows:

Financial year ended 31 August 2025

Distribution Ex-date	Gross distribution per unit RM (sen)	Net distribution per unit RM (sen)	Total distribution RM
25 October 2024	<u>1.1428</u>	<u>1.1428</u>	<u>716,909</u>

Gross distribution per unit is derived from gross realised income less expenses divided by the number of units in circulation, while net distribution per unit is derived from gross realised income less expenses and taxation divided by the number of units in circulation.

The distribution during the current financial year was sourced from realised income. There was no distribution out of capital.

14. TOTAL EXPENSE RATIO ("TER")

The Fund's TER is as follows:

	2025 % p.a.	2024 % p.a.
Manager's fee	1.22	1.19
Trustee's fee	0.09	0.08
Fund's other expenses	<u>0.41</u>	<u>0.41</u>
Total TER	<u>1.72</u>	<u>1.68</u>

The TER of the Fund is the ratio of the sum of fees and expenses incurred by the Fund to the average NAV of the Fund calculated on a daily basis.

15. PORTFOLIO TURNOVER RATIO ("PTR")

The PTR of the Fund, which is the ratio of average total acquisitions and disposals of investments to the average NAV of the Fund calculated on a daily basis is 0.37 times (2024: 0.48 times).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

16. SEGMENTAL REPORTING

In accordance with the objective of the Fund, substantially all of the Fund's investments are made in the form of CIS. The Manager is of the opinion that the risk and rewards from these investments are not individually or segmentally distinct and hence the Fund does not have a separately identifiable business on geographical segments.

17. TRANSACTIONS WITH THE MANAGER AND BROKERS

Details of transactions with the Manager and brokers for the financial year ended 31 August 2025 are as follows:

	Transactions value		Brokerage fee, stamp duty and clearing fee

Other net realised losses on foreign currency exchange	<u>(143,114)</u>	<u>(127,562)</u>

(b) Financial instruments that are carried at fair value

The Fund's financial assets and liabilities are carried at fair value.

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable; either directly or indirectly; or

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

18. FINANCIAL INSTRUMENTS (CONT'D.)

(c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value due to their short period to maturity or short credit period:

- Deposit with licensed financial institution
- Amount due from/to Manager
- Distribution receivable
- Cash at banks
- Amount due to brokers
- Amount due to Trustee

There are no financial instruments which are not carried at fair value and whose carrying amounts are not reasonable approximation of their respective fair value.

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks that include market risk, credit risk, liquidity risk, single issuer risk, regulatory risk, country risk, management risk and non-compliance risk.

Risk management is carried out by closely monitoring, measuring and mitigating the above said risks, careful selection of investments coupled with stringent compliance to investments restrictions as stipulated by the Capital Markets and Services Act 2007, Securities Commission Malaysia's Guidelines on Unit Trust Funds and the Deeds as the backbone of risk management of the Fund.

(a) Market risk

The Fund's principal exposure to market risk arises primarily due to changes in the market environment, global economic and geo-political developments.

The Fund's market risk is affected primarily by the following risks:

(i) Price risk

Price risk refers to the uncertainty of an investment's future prices. In the event of adverse price movements, the Fund might endure potential loss on its investments. In managing price risk, the Manager actively monitors the performance and risk profile of the investments portfolio.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(a) Market risk (cont'd.)

(i) Price risk (cont'd.)

The result below summarised the price risk sensitivity of the Fund's NAV due to movements of price by -5.00% and +5.00% respectively:

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(b) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge an obligation. Credit risk applies to short-term deposits and distribution receivables. The issuer of such instruments may not be able to fulfil the required interest payments or repay the principal invested or amount owing. These risks may cause the Fund's investments to fluctuate in value.

For deposit with licensed financial institution, the Fund makes placements with licensed financial institutions with sound rating of P1/MARC-1 and above. The following table presents the Fund's portfolio of deposit by rating category as at 31 August 2025:

Credit rating	RM	As a % of deposit	As a % of NAV
Investments			
P1/MARC-1	335,078	100.00	3.46

Cash at banks are held for liquidity purposes and are not exposed to significant credit risk.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its financial liabilities or redeem its units earlier than expected. This is also the risk of the Fund experiencing large redemptions, when the Investment Manager could be forced to sell large volumes of its holdings at unfavorable prices to meet redemption requirements.

The Fund maintains sufficient level of liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Liquid assets comprise of cash at banks, deposit with licensed financial institution and other instruments, which are capable of being converted into cash within 5 to 7 days. The Fund's policy is to always maintain a prudent level of liquid assets so as to reduce liquidity risk.

The Fund's financial liabilities have contractual maturities of not more than six months.

(d) Single issuer risk

Internal policy restricts the Fund from investing in securities issued by any issuer of not more than a certain percentage of its NAV. Under such restriction, the risk exposure to the securities of any single issuer is diversified and managed based on internal/external ratings.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025**

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(e) Regulatory risk

Any changes in national policies and regulations may have effects on the capital market and the NAV of the Fund.

(f) Country risk

The risk of price fluctuation in foreign securities may arise due to political, financial and economic events in foreign countries. If this occurs, there is a possibility that the NAV of the Fund may be adversely affected.

(g) Management risk

Poor management of the Fund may cause considerable losses to the Fund that in turn may affect the NAV of the Fund.

(h) Non-compliance risk

This is the risk of the Manager or the Trustee not complying with their respective internal policies, the Deeds, securities laws or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.

20. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for creation and cancellation of units to the Fund.

The Fund's objectives for managing capital are:

- (a) To invest in investments meeting the description, risk exposure and expected return indicated in its Prospectus;
- (b) To maintain sufficient liquidity to meet the expenses of the Fund, and to meet cancellation requests as they arise; and
- (c) To maintain sufficient fund size to make the operations of the Fund cost-efficient.

No changes were made to the capital management objectives, policies or processes during the current and previous financial years.
