MANAGER'S REPORT

Dear Unitholders,

We are pleased to present you the Manager's report and the audited accounts of Amlslamic Global SRI ("Fund") for the financial year ended 31 March 2025.

Salient Information of the Fund

| | |
|---|---|
| Name | Amlslamic Global SRI ("Fund") |
| Category/ Type | Equity (Shariah-compliant) / Income |
| Objective | <p>The Fund aims to provide total return that outperforms its benchmark over medium to long-term* by investing in Shariah-compliant equities of companies incorporated and/or primarily listed in developed countries.</p> <p><i>Notes:</i> * Medium to long-term refers to an investment horizon of at least three (3) years. Any material change to the investment objective of the Fund would require Unit Holders' approval.</p> |
| Duration | The Fund was established on 5 September 2018 and shall exist for as long as it appears to the Manager and the Trustee that it is in the interests of the unitholders for it to continue. In some circumstances, the unitholders can resolve at a meeting to terminate the Fund. |
| Performance Benchmark | <p>MSCI World Islamic Index (net of tax). (Available at www.aminvest.com)</p> <p><i>Note: The MSCI World Islamic Index is only used as a reference for investment performance comparison purpose. Note:

- (1) Total return is the actual return of the Fund for the respective financial years computed based on the net asset value per unit and net of all fees. Fund return is calculated based on the published price (last business day).
- (2) Total expense ratio (“TER”) is calculated based on the total fees and expenses incurred by the Fund divided by the average fund size calculated on a daily basis. The TER decreased by 0.13% as compared to 2.85% per annum for the financial year ended 31 March 2024 mainly due to decrease in expenses.
- (3) Portfolio turnover ratio (“PTR”) is calculated based on the average of the total acquisitions and total disposals of investment securities of the Fund divided by the average fund size calculated on a daily basis. The decrease in the PTR for 2025 and 2024 were due mainly to investing activities.

| | The Fund performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a year is computed based on the absolute return for that period annualised over one year. | | |
| | Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up. | | |
| Fund Performance | <u>RM Class</u> | | |
| | For the financial year under review, the Fund registered a negative return of 3.25% comprising of negative 4.50% capital and 1.25% income distribution. | | |
| | Thus, the Fund's negative return of 3.25% has outperformed the benchmark's negative return of 9.54% by 6.29%. | | |
| | As compared with the financial year ended 31 March 2024, the net asset value ("NAV") per unit of the Fund decreased by 5.57% from RM1.1334 to RM1.0703, while units in circulation increased by 0.96% from 5,334,761 units to 5,385,989 units. | | |
| | The following line chart shows comparison between the annual performances of Amlslamic Global SRI (RM Class) and its benchmark for the financial years ended 31 March. | | |

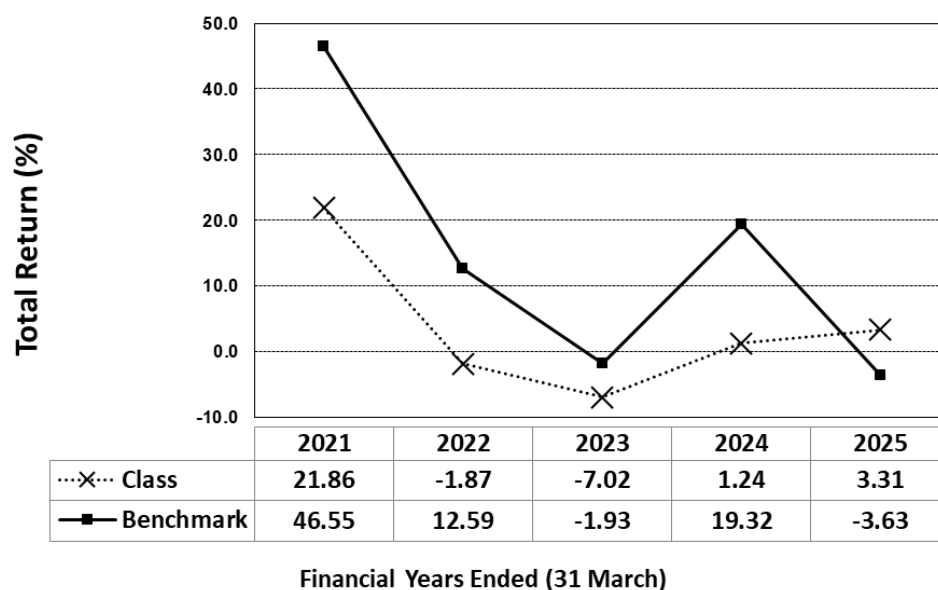

USD Class - R

Thus, the Fund's return of 3.31% has outperformed the benchmark's negative return of 3.63% by 6.94%.

As compared with the financial year ended 31 March 2024, the net asset value ("NAV") per unit of the Fund increased by 2.17% from USD1.0248 to USD1.0470, while units in circulation remain unchanged at 487 units.

The following line chart shows comparison between the annual performances of Amlslamic Global SRI (USD Class - R) and its benchmark for the financial years ended 31 March.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

| Strategies and Policies Employed | <p>The Fund follows a rule-based investment strategy, focusing on Shariah-compliant equities in the MSCI World Islamic Index. The Fund also incorporates the principle of Environmental, Social and Governance (“ESG”) in securities selection through MSCI ESG Ratings. Through MSCI ESG Ratings, companies with poor performance on ESG topics are excluded.</p> <p>The portfolio construction rules of the Fund involve segregating the portfolio into two sub-portfolios of:</p> <p>1) Stocks in Defensive sectors (e.g. utilities, telecommunication, healthcare, etc) from the Investable Universe*; and</p> <p>2) All stocks from the Investable Universe* weighted by volatility in inverse order i.e. the lower the volatility the higher the weight of the equities.</p> <p>These two (2) sub-portfolios are then combined to form the total portfolio, with small positions which render transaction costs uneconomical being filtered out.</p> <p><i>Note: *Investible Universe of the Fund comprises Shariah-compliant equities in the index that meets the ESG factors ascribed.</i></p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| State of Affairs | <p>There has been neither significant change to the state of affairs of the Fund nor any circumstances that materially affect any interests of the unitholders during the financial year under review.</p> | | | | | | | | |
| Rebates and Soft Commission | <p>During the year, the management company received soft commissions by virtue of transactions conducted for the Fund, in the form of research services, systems and services relating to performance measurement of portfolios and subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund.</p> <p>The company has soft commission arrangement with a total of 12 brokers, who execute trades for the Fund and other funds or investments managed by the company. The soft commission received would be in the form of research services, systems and services relating to performance measurement of portfolios and/or subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund and other funds or investments managed by the company.</p> <p>Soft commissions received were for the benefit of the Fund and there was no churning of trades.</p> | | | | | | | | |
| Market Review | <p>The equity market started with a negative note amid reigniting concerns about the impact of rising inflationary pressures and the potential for a prolonged restrictive monetary policy by the Federal Reserve (Fed). The decline, however, was short-lived following moderation in consumer spending growth and the slowest monthly gain in prices which increase the probability of rate cuts by Fed.</p> <p>The equity market underwent a significant volatility in August amid concerns over widening conflict in Middle East, renewed recession fears and political uncertainty. Furthermore, investor sentiment was impacted on weaker than expected AI earnings delivery, albeit from lofty valuation. However, market pressured was temporary with equity market subsequently recovered as a steady stream of macroeconomic data releases which indicates a healthy growth trend in the United States (US) economy buoyed optimism of a soft landing in the US economy. In addition, expectation of monetary policy easing by global central banks propelled equity market higher. And in September the Fed cut interest rates by a larger-than-expected 50 basis points (bps). The markets, however, retraced in October on elevated Treasury yield.</p> <p>Equity market staged a strong jump in November following Donald Trump's victory, as investors cheered the prospect of lower taxes and a looser regulatory approach under a Republican administration but declined subsequently in December with investors taking profits towards the year-end, coupled with fears of mounting over rising rates.</p> <p>The equity market started 2025 on a positive note driven by surging consumer spending in the US and the Fed’s decision to hold interest rate. However, the slump in chipmaker Nvidia after its quarterly report on worries over its near-term margin</p> | | | | | | | | |

| | |
|--|--|
| | <p>triggered a market sell down. Sentiment was further dampened with economic data pointing to a cooling US economy, coupled with rising fears of a global trade war.</p> <p>For the period under review, MSCI World Islamic Index delivered a decline of 9.54% in RM terms and a decline of 3.63% in USD terms.</p> |
| Market Outlook | <p>Trump's announcement of a 90 day pause on all the 'reciprocal' tariffs in April has brought about some reprieve to equity markets, resulting in a positive rebound with the percentage of rebound differing between different countries.</p> <p>We expect heightened volatility to continue as investors navigate Trump 2.0. While the US tariff rhetoric has ratcheted down in recent weeks, we maintain a cautious view as Trump's erratic trade policies would impact economic and earnings growth.</p> |

The three (3)-month period may be extended if it is in the best interest of Unit Holders and the Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the Trustee.</p> |
| (d) Actions taken in achieving the SRI Fund's policies and strategies | The Manager continuously monitor and if required, rebalance the investments to ensure that at least two-thirds (2/3) of the NAV of the Fund are maintained in Shariah compliant securities that are in line with the sustainability considerations adopted by the Fund. |

The Fund may be precluded from purchasing, or required to sell, certain investments that are inconsistent with its investment policy and sustainability considerations which might otherwise be advantageous to hold. The incorporation of sustainability considerations could result in performance that is better or worse than the performance of the other funds depending on the performance of the excluded investments and the investments included in place of such excluded investments.</p> <p>This risk is mitigated via the investment policy and principal strategy of the Fund which involves segregation of the portfolios into two (2) sub-portfolios which consist of Shariah-compliant stocks in defensive sectors and all Shariah-compliant stocks from the Investable Universe weighted by volatility in inverse order. In times of actual or anticipated heightened market weaknesses, the Manager may increase the Fund's allocation to lower risk assets.</p> <p><u>Greenwashing Risk</u></p> <p>Greenwashing is defined as making false, misleading or unsubstantiated claims in relation to ESG credential of an investment product. The Fund may inadvertently invest into such products, without prior knowledge of the fraudulent claims. As greenwashing could result in reputational risk, regulatory fines, and/or withdrawal of the products, there could be a negative impact on the value of the Fund.</p> <p>In mitigating the greenwashing risk, the ESG score assigned to the securities by the service provider are reviewed by the Manager periodically, at least once a year. The Manager may use the ESG scores from other service providers for comparison and assessment, to identify potential inconsistencies. For Islamic liquid assets, the ESG score prescribed to the corporate issuers and depository financial institutions are reviewed and approved by the appropriate approving authorities internally, and updated periodically i.e. at least once a year.</p> |
| (g) Any other information, considered necessary and relevant by the issuer | <p>No additional information deemed necessary to be disclosed.</p> |
| (h) Where the SRI Fund has provided previous periodic reviews, a comparison between the current and at least the previous reporting period. | <p>For the current reporting period and the previous reporting period, the Fund has complied with the requirements of the Guidelines on Sustainable and Responsible Investment Funds by investing at least two-thirds (2/3) of the NAV of the Fund in Shariah compliant securities that are in line with the sustainability considerations adopted by the Fund.</p> |

Independent auditors' report to the unit holders of Amlslamic Global SRI

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Amlslamic Global SRI (the "Fund"), which comprise the statement of financial position as at 31 March 2025, and statement of comprehensive income, statement of changes in net assets attributable to unit holders and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 15 to 52.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 March 2025, and of its financial performance and cash flows for the financial year then ended in accordance with MFRS Accounting Standards and IFRS Accounting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund (the "Manager") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent auditors' report to the unit holders of Amlslamic Global SRI (cont'd.)

Information other than the financial statements and auditors' report thereon (cont'd.)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of the Manager and the Trustee for the financial statements

The Manager is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with MFRS Accounting Standards and IFRS Accounting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Independent auditors' report to the unit holders of
Amlslamic Global SRI (cont'd.)**

Auditors' responsibilities for the audit of the financial statements (cont'd.)

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Independent auditors' report to the unit holders of
Amlslamic Global SRI (cont'd.)**

Other matters

This report is made solely to the unit holders of the Fund, as a body, in accordance with the Guidelines on Unit Trust Funds issued by the Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

1. GENERAL INFORMATION

Amlslamic Global SRI (the “Fund”) was established pursuant to a Deed dated 21 June 2018 as amended by Deeds supplemental thereto (the “Deeds”), between AmFunds Management Berhad as the Manager, HSBC (Malaysia) Trustee Berhad as the Trustee and all unit holders.

The Fund aims to provide total return that outperforms its benchmark over medium to long term by investing in Shariah-compliant equities of companies incorporated and/or primarily listed in developed countries. As provided in the Deeds, the financial year shall end on 31 March and the units of the Fund for RM class, USD Class - I and USD Class - R were first offered for sale on 5 September 2018. The USD Class - I was terminated on 30 September 2019.

The financial statements were authorised for issue by the Manager on 20 May 2025.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund have been prepared on a historical cost basis, except as otherwise stated in the accounting policies and comply with Malaysian Financial Reporting Standards (“MFRS”) as issued by the Malaysian Accounting Standards Board (“MASB”) and International Financial Reporting Standards (“IFRS”).

Standards effective during the financial year

The adoption of the following MFRS and amendments to MFRS which became effective during the financial year did not have any material financial impact to the financial statements.

| Description | Effective for financial periods beginning on or after |
|---|--|
| Amendments to MFRS 16 <i>Leases: Lease Liability in a Sale and Leaseback*</i> | 1 January 2024 |
| Amendments to MFRS 101 <i>Presentation of Financial Statements: Non-Current Liabilities with Covenants</i> | 1 January 2024 |
| Amendments to MFRS 107 <i>Statement of Cash Flows</i> and MFRS 7 <i>Financial Instruments: Disclosures: Supplier Finance Arrangements</i> | 1 January 2024 |

Standards issued but not yet effective

The new and amended standards that have been issued but not yet effective up to the date of issuance of the Fund’s financial statements are disclosed below. The Fund intends to adopt these new pronouncements, if applicable, when they become effective.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

(i) Dividend income

Dividend income is recognised when the Fund's right to receive payment is established.

(ii) Profit income

Profit income is recognised on an accrual basis using the effective profit method.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.1 Income recognition (cont'd.)

- (iii) Gain or loss on disposal of Shariah-compliant investments

On disposal of Shariah-compliant investments, the net realised gain or loss on disposal is measured as the difference between the net disposal proceeds and the carrying amount of the Shariah-compliant investments. The net realised gain or loss is recognised in profit or loss.

3.2 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

3.3 Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates that most faithfully represents the economic effects of the underlying transactions. The functional currency of the Fund is United States Dollar ("USD") which reflects the currency in which the Fund competes for funds, issues and redeems units. The Fund has also adopted USD as its presentation currency.

3.4 Foreign currency transactions

Transactions in currencies other than the Fund's functional currency (foreign currencies) are recorded in the functional currency using exchange rates prevailing at the transaction dates. At each reporting date, foreign currency monetary items are translated into USD at exchange rates ruling at the reporting date. All exchange gains or losses are recognised in profit or loss.

3.5 Statement of cash flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents are short-term, highly liquid Shariah-compliant investments that are readily convertible to cash with insignificant risk of changes in value.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.6 Unit holders' contribution

The unit holders' contribution of the Fund is classified as liabilities as it meets criteria for such classification under the requirements of MFRS 132 *Financial Instruments: Presentation* ("MFRS 132").

Under MFRS 132, a unit trust fund with one common class of unit holders is classified as equity as it meets the requirement of having identical features. In a multi-unit class fund, if any one class (or a group of classes) can be differentiated in terms of their features, then all the classes will be classified as liability.

The Fund issues cancellable units in two classes. Details are disclosed in Note 8.

3.7 Distribution

Distribution is at the discretion of the Manager. A distribution to the Fund's unit holders is accounted for as a deduction from realised income and recognised in the statement of comprehensive income, as the unit holders' contribution are classified as financial liability as per Note 3.6. Realised income is the income earned from dividend income, profit income, other income and net gain on disposal of Shariah-compliant investments after deducting expenses and taxation. A proposed distribution is recognised as a liability in the period in which it is approved. Distribution is either reinvested or paid in cash to the unit holders on the distribution payment date. Reinvestment of units is based on the NAV per unit on the distribution payment date, which is also the time of creation.

3.8 Financial instruments – initial recognition and measurement

(i) Initial recognition

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised using trade date accounting or settlement date accounting. The method used is applied consistently for all purchases and sales of financial assets that belong to the same category of financial assets.

(ii) Initial measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial assets. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not recorded at FVTPL, net of directly attributable transaction costs.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.8 Financial instruments – initial recognition and measurement (cont'd.)

(iii) “Day 1” profit or loss

At initial measurement, if the transaction price differs from the fair value, the Fund immediately recognises the difference between the transaction price and fair value (a “Day 1” profit or loss) in profit or loss provided that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. Level 1 input) or based on a valuation technique that uses only data from observable markets. In all other cases, the difference between the transaction price and model value is recognised in profit or loss on a systematic and rational basis that reflects the nature of the instrument over its tenure.

3.9 Financial assets

Classification and measurement

The classification of financial assets depends on the Fund’s business model of managing the financial assets in order to generate cash flows (“business model test”) and the contractual cash flow characteristics of the financial instruments (“SPPP test”). The business model test determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both and the assessment is performed on a portfolio basis. The SPPP test determines whether the contractual cash flows are solely for payments of principal and profit and the assessment is performed on a financial instrument basis.

The Fund may classify its financial assets under the following categories:

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding. Financial assets include in this category are Shariah-compliant deposits with licensed financial institutions, cash at banks, amount due from Target Fund Manager, amount due from Manager, amount due from brokers/financial institutions, dividend/distribution receivables and other receivables.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.9 Financial assets (cont'd.)

Classification and measurement (cont'd.)

The Fund may classify its financial assets under the following categories: (cont'd.)

Financial assets at FVOCI

A financial asset is measured at fair value through other comprehensive income ("FVOCI") if its business model is both to hold the asset to collect contractual cash flows and to sell the financial assets. In addition, the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and profit on the outstanding principal.

These Shariah-compliant investments are initially recorded at fair value and transaction costs are expensed in the profit or loss. Subsequent to initial recognition, these Shariah-compliant investments are remeasured at fair value. All fair value adjustments are initially recognised through OCI. Debt instruments at FVOCI are subject to impairment assessment.

Financial assets at FVTPL

Any financial assets that are not measured at amortised cost or FVOCI are measured at FVTPL. Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in "Net gain or loss on financial assets at FVTPL". Dividend revenue and Profit earned elements of such instruments are recorded separately in "Dividend income" and "Profit income" respectively. Exchange differences on financial assets at FVTPL are recognised separately in profit or loss but are included in net gain or net loss on changes in fair value of financial assets at FVTPL.

Instruments that qualify for amortised cost or FVOCI may be irrevocably designated as FVTPL, if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Equity instruments are normally measured at FVTPL, nevertheless, the Fund is allowed to irrevocably designate equity instruments that are not held for trading as FVOCI, with no subsequent reclassification of gains or losses to profit or loss.

The Fund subsequently measures its Shariah-compliant investments at FVTPL. Dividend revenue and Profit earned whilst holding the Shariah-compliant investments are recognised in profit or loss when the right to receive the payment has been established. Gains and losses on the Shariah-compliant investments, realised and unrealised, are included in profit or loss.

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.10 Financial liabilities – classification and subsequent measurement

Financial liabilities issued by the Fund are classified as financial liabilities at amortised cost, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holders. After initial measurement, financial liabilities are subsequently measured at amortised cost using the effective profit method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective profit rate.

3.11 Derecognition of financial instruments

(i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass-through” arrangement; and either:
 - the Fund has transferred substantially all the risks and rewards of the asset, or
 - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

For Shariah-compliant investments classified as FVOCI - debt instruments, the cumulative fair value change recognised in OCI is recycled to profit or loss.

(ii) Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Gains and losses are recognised in profit or loss when the liabilities are recognised, and through the amortisation process.

(iii) Capital repayment received

Capital repayment received are cash received by the Fund as a result of capital reduction, a corporate action executed by a REIT entities in which the Fund is holding units of shares as its investments. A capital reduction is made out of an entity's contributed share capital. The shareholders will receive a return of capital and the cost of the shareholder's investments are reduced accordingly by the amount of capital returned.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.12 Financial instruments – expected credit losses (“ECL”)

The Fund assesses the ECL associated with its financial assets at amortised cost using simplified approach. Therefore, the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The ECL in respect of financial assets at amortised cost, if any, is recognised in profit or loss.

Financial assets together with the associated allowance are written off when it has exhausted all practical recovery efforts and there is no realistic prospect of future recovery. The Fund may also write-off financial assets that are still subject to enforcement activity when there is no reasonable expectation of full recovery. If a write-off is later recovered, the recovery is credited to profit or loss.

3.13 Determination of fair value

For Shariah-compliant investments in local quoted equity securities, fair value is determined based on the closing price quoted on Bursa Malaysia Berhad. For Shariah-compliant investments in foreign listed securities, which are quoted in the respective stock exchanges, fair value will be determined based on the published market price quoted by the respective stock exchanges at the end of each business day. Purchased cost is the quoted price that the Fund paid when buying its Shariah-compliant investments. The difference between the purchased cost and fair value is treated as unrealised gain or loss and is recognised in profit or loss. Unrealised gains or losses recognised in profit or loss are not distributable in nature.

3.14 Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified at FVTPL are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount.

3.15 Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.15 Significant accounting estimates and judgments (cont'd.)

The Fund classifies its Shariah-compliant investments as financial assets at FVTPL as the Fund may sell its Shariah-compliant investments in the short-term for profit-taking or to meet unit holders' cancellation of units.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

10. TAXATION

| | 2025 USD | 2024 USD |
|---|---------------------|---------------------|
| Local tax | | |
| – current year provision | - | 6,885 |
| – over provision in previous financial year | (1,474) | - |
| Foreign tax | 5,194 | 5,432 |
| | <u>3,720</u> | <u>12,317</u> |

Income tax payable is calculated on Shariah-compliant investments income less deduction for permitted expenses as provided under Section 63B of the Income Tax Act, 1967.

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempted from tax. Foreign-sourced income (“FSI”) received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Based on the Income Tax (Unit Trust in relation to Income Received in Malaysia from Outside Malaysia) (Exemption) Order 2024, a qualifying unit trust is exempted from the payment of income tax in respect of the gross income from all sources of income under Section 4 of the Act which is received in Malaysia from outside Malaysia between 1 January 2024 to 31 December 2026.

The taxation charged for the financial year is related to withholding tax derived from countries including Australia, Belgium, Canada, Finland, France, Germany, Japan, New Zealand, Norway, Sweden, Switzerland, United Kingdom and United States calculated at the rates prevailing in these countries.

A reconciliation of income tax expense applicable to net income before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

| | 2025 USD | 2024 USD |
|--|---------------------|---------------------|
| Net income before taxation | <u>11,001</u> | <u>21,860</u> |
| Taxation at Malaysian statutory rate of 24% (2024: 24%) | 2,640 | 5,246 |

| Non-permitted expenses for tax purposes | 6,995 | 3,833 |
| Permitted expenses not used and not available for future financial years | 616 | 595 |
| Over provision in previous financial year | (1,474) | - |
| Tax expense for the financial year | <u>3,720</u> | <u>12,317</u> |

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

11. DISTRIBUTION

Details of distribution to unit holders for the current and previous financial years are as follows:

Financial year ended 31 March 2025

| Distribution Ex-date | Gross distribution per unit RM (sen) | Net distribution per unit RM (sen) | Total distribution USD |
|---------------------------------|---|---|---------------------------------------|
| 26 November 2024 | <u>1.4202</u> | <u>1.4202</u> | <u>17,010</u> |

Financial year ended 31 March 2024

| Distribution Ex-date | Gross distribution per unit RM (sen) | Net distribution per unit RM (sen) | Total distribution USD |
|---------------------------------|---|---|---------------------------------------|
| 22 September 2023 | <u>0.2711</u> | <u>0.2000</u> | <u>2,273</u> |

Gross distribution per unit is derived from gross realised income less expenses divided by the number of units in circulation, while net distribution per unit is derived from gross realised income less expenses and taxation divided by the number of units in circulation.

The distribution during the current financial year was sourced from realised income. There was no distribution out of capital.

12. TOTAL EXPENSE RATIO (“TER”)

The Fund’s TER is as follows:

| | 2025 % p.a. | 2024 % p.a. |
|-----------------------|------------------------|------------------------|
| Manager’s fee | 1.80 | 1.80 |
| Trustee’s fee | 0.05 | 0.05 |
| Fund’s other expenses | <u>0.87</u> | <u>1.00</u> |
| Total TER | <u>2.72</u> | <u>2.85</u> |

The TER of the Fund is the ratio of the sum of fees and expenses incurred by the Fund to the average NAV of the Fund calculated on a daily basis.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

13. PORTFOLIO TURNOVER RATIO (“PTR”)

The PTR of the Fund, which is the ratio of average total acquisitions and disposals of Shariah-compliant investments to the average NAV of the Fund calculated on a daily basis, is 0.51 times (2024: 0.60 times).

14. SEGMENTAL REPORTING

In accordance with the objective of the Fund, substantially all of the Fund’s Shariah-compliant investments are made in the form of Shariah-compliant quoted equity securities. The Manager is of the opinion that the risk and rewards from these Shariah-compliant investments are not individually or segmentally distinct.

15. TRANSACTIONS WITH BROKERS

Details of transactions with brokers for the financial year ended 31 March 2025 are as follows:

| | Transaction value | | Brokerage fee, stamp duty and clearing fee | |
|--|--------------------------|---------------|---|---------------|
| | USD | % | USD | % |
| State Street Bank and Trust Company | 461,884 | 34.35 | 515 | 24.96 |

| State Street Global Market LLC | 197,246 | 14.67 | 110 | 5.33 |
| Instinet Clearing Services Jersey City | 172,000 | 12.79 | 77 | 3.72 |
| Daiwa Capital Markets Hong Kong Limited | 84,723 | 6.30 | 125 | 6.07 |
| Instinet Pacific Limited Hong Kong Branch | 75,200 | 5.59 | 242 | 11.71 |
| Instinet Australia Clearing Pty | 8,534 | 0.64 | 21 | 1.04 |
| Total | 1,344,622 | 100.00 | 2,062 | 100.00 |

The Manager is of the opinion that the above transactions have been entered in the normal course of business and have been established under terms that are no less favourable than those arranged with independent third parties.

The above transactions are in respect of Shariah-compliant listed securities.

| – Other net realised losses on foreign currency exchange | (917) | (922) |
| – Other net unrealised gain/(loss) on foreign currency exchange | 249 | (230) |

(b) Financial instruments that are carried at fair value

The Fund's financial assets and liabilities are carried at fair value.

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable; either directly or indirectly; or
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

| | Level 1 USD | Level 2 USD | Level 3 USD | Total USD |

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

16. FINANCIAL INSTRUMENTS (CONT'D.)

(c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value due to their short period to maturity or short credit period:

- Dividend receivables
- Cash at banks
- Amount due to Manager
- Amount due to Trustee

There are no financial instruments which are not carried at fair values and whose carrying amounts are not reasonable approximation of their respective fair values.

17. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks that include market risk, credit risk, liquidity risk, single issuer risk, regulatory risk, country risk, management risk, non-compliance risk and Shariah non-compliance risk.

Risk management is carried out by closely monitoring, measuring and mitigating the above said risks, careful selection of Shariah-compliant investments coupled with stringent compliance to Shariah-compliant investments restrictions as stipulated by the Capital Markets and Services Act 2007, Securities Commission Malaysia's Guidelines on Unit Trust Funds, Securities Commission Malaysia's Guidelines on Islamic Capital Market Products and Services, and the Deeds as the backbone of risk management of the Fund.

(a) Market risk

The Fund's principal exposure to market risk arises primarily due to changes in the market environment, global economic and geo-political developments.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

17. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(a) Market risk (cont'd.)

The Fund's market risk is affected primarily by the following risks:

(i) Price risk

Price risk refers to the uncertainty of an investment's future prices. In the event of adverse price movements, the Fund might endure potential loss on its Shariah-compliant quoted investments. In managing price risk, the Manager actively monitors the performance and risk profile of the investment portfolio.

The result below summarised the price risk sensitivity of the Fund's NAV due to movements of price by -5.00% and +5.00% respectively:

| Percentage movements in price by: | Sensitivity of the Fund's NAV | |
|--------------------------------------|----------------------------------|---------------|
| | 2025 USD | 2024 USD |
| -5.00% | (61,177) | (60,750) |
| +5.00% | <u>61,177</u> | <u>60,750</u> |

(ii) Currency risk

Currency risk is associated with the Fund's financial assets and financial liabilities that are denominated in currencies other than the Fund's functional currency. Currency risk refers to the potential loss the Fund might face due to unfavorable fluctuations of currencies other than the Fund's functional currency against the Fund's functional currency.

The result below summarised the currency risk sensitivity of the Fund's NAV due to appreciation/depreciation of the Fund's functional currency against currencies other than the Fund's functional currency.

| Percentage movements in currencies other than the Fund's functional currency: | Sensitivity of the Fund's NAV | |
|---|----------------------------------|---------------|
| | 2025 USD | 2024 USD |
| -5.00% | (51,586) | (53,474) |
| +5.00% | <u>51,586</u> | <u>53,474</u> |

17. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(b) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge an obligation. Credit risk applies to Islamic short-term deposits and dividend receivables. The issuer of such instruments may not be able to fulfill the required profit payments or repay the principal invested or amount owing. These risks may cause the Fund's Shariah-compliant investments to fluctuate in value.

Cash at banks are held for liquidity purposes and are not exposed to significant credit risk.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its financial liabilities or redeem its units earlier than expected. This is also the risk of the Fund experiencing large redemptions, when the Investment Manager could be forced to sell large volumes of its holdings at unfavorable prices to meet redemption requirements.

The Fund maintains sufficient level of liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Liquid assets comprise of cash at banks, Shariah-compliant deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 5 to 7 days. The Fund's policy is to always maintain a prudent level of liquid assets so as to reduce liquidity risk.

The Fund's financial liabilities have contractual maturities of not more than six months.

(d) Single issuer risk

Internal policy restricts the Fund from investing in securities issued by any issuer of not more than a certain percentage of its NAV. Under such restriction, the risk exposure to the securities of any single issuer is diversified and managed based on internal/external ratings.

(e) Regulatory risk

Any changes in national policies and regulations may have effects on the capital market and the NAV of the Fund.

(f) Country risk

The risk of price fluctuation in foreign securities may arise due to political, financial and economic events in foreign countries. If this occurs, there is possibility that the NAV of the Fund may be adversely affected.

17. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(g) Management risk

Poor management of the Fund may cause considerable losses to the Fund that in turn may affect the NAV of the Fund.

(h) Non-compliance risk

This is the risk of the Manager or the Trustee not complying with the respective internal policies, the Deeds, securities laws or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.

(i) Shariah non-compliance risk

This is the risk of the Fund not conforming to Shariah Investment Guidelines. The Shariah Adviser for the Fund would be responsible for ensuring that the Fund is managed and administered in accordance with Shariah Investment Guidelines. Note that as the Fund can only invest in Shariah-compliant instruments, non-compliance may adversely affect the NAV of the Fund when the rectification of non-compliance results in losses.

When an investment (i.e. equity security) of the Fund is reclassified of non-compliance (i.e. disposal of the Shariah non-compliant investment) will be assumed by the Fund. Losses could occur if the Shariah non-compliant investment is at a price lower than the initial purchase price of the previously Shariah-compliant investment.

18. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for creation and cancellation of units to the Fund.

The Fund's objectives for managing capital are:

- (a) To invest in Shariah-compliant investments meeting the description, risk exposure and expected return indicated in its Prospectus;
- (b) To maintain sufficient liquidity to meet the expenses of the Fund, and to meet cancellation requests as they arise; and
- (c) To maintain sufficient fund size to make the operations of the Fund cost-efficient.

No changes were made to the capital management objectives, policies or processes during the current and previous financial years.
