AmInvest Sweeps Coveted Best Mixed Asset Fund Award for Second Time

For the second consecutive year, AmInvest has taken home the asset class group award for 'Best Mixed Asset Fund' in The Edge-Lipper Malaysia Fund Awards 2015 held in Kuala Lumpur today.¹

AmInvest's mixed assets funds comprising of AmIslamic Balanced, AmBalanced, AmConservative and AmAustralia drove the win in this category by outperforming its peers.²

The annual Edge Lipper Malaysia Fund Awards acknowledges individual funds and fund companies that have excelled in delivering consistently strong risk-adjusted performance based on the Lipper Leader ratings for consistent return (effective return), relative to peers. In addition, it recognises fund families with high average scores for all funds within a particular asset class or overall. Only funds that have done well for three years or more at the end of the calendar year of the respective evaluation year, are recognised.

"Our distinct and well established methodologies have given us an edge in all market conditions over our more than 30 years of managing funds. It is because of this coupled with our expertise in actively managing asset allocation between equity and fixed income that we have been able to add the most value to our investors investments in spite of market volatility last year. This augurs well for us particularly at a time where investors are on the lookout for fund managers who can deliver consistent investment performance and help them unearth investment opportunities in all market conditions," said Datin Maznah Mahbob, Chief Executive Officer of AmInvest.

At the same ceremony under fund classification awards, two AmInvest funds emerged top in their categories.¹ AmDynamic Bond, a fixed income fund launched in 2003 was singled out for the second year running in the Bond Malaysian Ringgit 10-year performance category for demonstrating consistent strong risk-adjusted returns against its peer group for the period ended 31 December 2014.¹ Over the last 10 years, AmDynamic Bond has clocked in returns of 120.07% more than doubling the average returns of its peers of 53.83% for the same period, or which translates to 8.20% per annum versus the average returns of its peers of 4.31% per annum.³ AmInvest's AmIslamic Balanced, a Shariah-compliant mixed assets fund, took home top honours in the Mixed Asset MYR Balanced-Malaysia Islamic category also for its 10-year performance.¹ This fund has recorded returns of 102.71% versus the average of its peers of 73.48%, or translating to 7.32% versus the average returns of its peers of 5.52% for the past 10 years.³

About AmInvest
